How It Works

Step 1: Reach Out

Send a quick note letting us know what you're facing and what timeline you're working with.

Step 2: Quick Intake Form

We'll send a short Google Form so we can understand the situation, your goals, and any key context.

Step 3: Discovery Call

You'll connect with us to get clear on the need, confirm the best approach, and outline a plan.

Step 4: Hourly Support

We jump in with focused, practical support so you can take action quickly and keep momentum.

Quick clarity. Practical next steps. Real momentum.

Get Unstuck Fast is built for urgent moments. We help you sort the noise, identify what matters most, and make the call with confidence. You can bring a draft, a messy situation, or a decision you need to make. We will help you get to a clear plan.

Common Topics:

- Donor communications and messaging edits
- Event strategy and post-event follow-up plans
- Segmentation, acknowledgments, stewardship rhythms
- CRM and systems troubleshooting
- Board outreach plans that feel doable
- Stewardship when there's no big news

Investment: \$175/hour | Billed through a simple retainer

If support grows beyond 20 hours, we'll recommend a fractional support plan for consistent capacity.

We'd love to work with you!
