How It Works

Phase 1: Discovery

We assess your current development efforts through stakeholder conversations and a review of systems, tools, and donor data.

Phase 2: Strategy

Together we define your fundraising priorities, create a clear annual plan, and map out stewardship and communication rhythms.

Phase 3: Buildout

We deliver a suite of ready-to-use tools and templates, along with a practical roadmap to guide your next 12 months

Coaching & Support

You'll receive coaching between sessions to ensure clarity, accountability, and momentum toward your goals.

You'll leave with tools that make fundraising easier.

Each Deep Dive includes a customized toolkit of CCC's proven templates. They're built to organize your efforts, engage donors, and keep your team aligned.

Work With Us

We're here to help you find confidence in your fundraising rhythm. CCC partners with you to assess where you are, uncover what's working, and build a sustainable plan that your team can carry forward with clarity, calm, and focus.
